Subject: Affordable Housing Verification Request Now Available Online

The Development Services Department (DSD) has launched a [new online application for Affordable Housing Verification requests](#) for applicants seeking local, state or federal affordable housing funding. This verification may include details such as a project's residential zoning, adopted land-use plan density, land-use designation, required discretionary permits, impact fees and other project-specific requirements. These verification requests are available for projects that intend to submit to DSD new discretionary review or construction permit applications.

The new application type provides a more user-friendly, efficient and faster way for customers to request affordable housing verifications online, track their status in real-time and make online payments.

#DigitalDSD

#DigitalDSD is a department initiative to modernize workplace systems, leverage technology to improve service delivery and help reduce permitting processing times.

#DigitalDSD services include all new permits being processed online, [virtual appointments](#), an [online portal](#) to provide small business and restaurant assistance and [virtual inspections](#) for construction projects.
